Renting a Sander

1. The cost of renting a Sander & Edger is \$ 35.00/ per day.
The Sander gets the main area of the room, and the edger gets the area closest to the wall, that the Sander cannot reach.
2. The rental time for the one day charge is 24 hours, except on weekends. If you rent Saturday AM it is due back by 4:30 PM the same day (Saturday). If you rent Saturday after 2 PM it is due back Monday by 9:00 AM.
3. Because we are closed Sunday be sure to get extra paper in case you break some if your sanding is a weekend project.
4. Although, we do not reserve machines it is a good idea to call ahead and we will hold it for up till **one hour** to allow you to get in. If you call after 4PM the night before we can usually hold it until 9 AM the next morning.
5. Per room sandpaper will normally run about \$25-30 for both grades (medium- 36 grit- & fine- 80 grit-). If there is a layer of paint or glue you will a very rough grade of sandpaper (20grit or perhaps 16 grit if the paint or glue is very heavy). Paint or glue can double the cost per room to \$ 50-60 because it gums up the paper so quickly.
6. We have a two complete line of stains(Minwax or Dura Seal) and a complete line of water-based and oil-based polyureanthes.
7. The deposit is \$ 200.00 **above** the cost of the rental.
8. Please have at least **two** of the following items:
 - a. Current phone bill in your name.
 - b. Current Con Edison bill in your name.
 - c. Drivers license with current address.
9. Credit card **in your name** and at least \$ 200.00 for the deposit to be authorized.
